**BRITISH AND RUSSIAN
HELD FOR CONSPIRACY**

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
London, Jan. 19 (1:55 p. m.)—James Dallas, chief clerk of the department of the home office dealing with aliens, and Naomhin Altman, otherwise known as Altman, who were arrested yesterday by Scotland Yard detectives, were arraigned in Downing street police court today on a charge of conspiracy and remanded until Tuesday.

Dallas was allowed bail of £500. Altman, who is a Russian subject, had his bail fixed at £2000.

The conspiracy charged is that Dallas, in the capacity of chief clerk at the home office, was corruptly given and accepted money as an inducement to commit various acts in violation of his public duty.

It is reported that the charges are connected with the alleged illicit issue of permits to aliens.

**HOUSE LEAVES LONDON
FOR FRENCH CAPITAL**

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
London, Jan. 19 (5 p. m.)—Having concluded his conference with prominent British officials, Col. E. M. House, a personal representative of President Wilson, will depart for Paris tomorrow. Colonel House talked with all the prominent members of the cabinet as well as a number of financiers and business men.

In Paris he will be the guest of William G. Sharp, American ambassador. He will remain there until Sunday and then go to Berlin for a week.

Socialist Chairman Suicides.

Oklahoma City, Okla., Jan. 19.—J. O. Weldon, state chairman of the socialist party, committed suicide by shooting in his room in a hotel. He left a note saying he feared madness. He was to have been married tonight.

**DON'T BE BILIOUS,
HEADACHY, SICK
OR CONSTIPATED**

Enjoy Life! Live Your Liver
and Bowels Tonight
and Feel Great.

Wake Up With Head Clear,
Stomach Sweet, Breath
Right, Cold Gone.

Take one or two Cascarets tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand, your head will be clear, your tongue clean, breath sweet, stomach regulated and your liver and thirty feet of bowels active. Get a box at any drug store now and get strengthened up by morning. Stop the headache, biliousness, bad cold and bad days. Feel fit and ready for work or play. Cascarets do not gripe, sicken or inconvenience you the next day like salts, pills or cathartics. They're fine. Mothers should give a whole Cascart every time to crows, sick, bilious or feverish children because it will act thoroughly and can not injure.

IMMORALITY OF GIRLS CAUSED BY POVERTY, SAYS THE COMMITTEE

Illinois State Senators Make
Exhaustive Report on Investigation
Into White Slave
Conditions

**DOMESTIC SERVICE
PARTICULARLY VICIOUS**

No Woman in Big City Should
Be Expected to Live on Less
Than \$8 a Week; Many
Get No More Than \$2.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Springfield, Ill., Jan. 19.—Poverty is the principal cause of immorality, a minimum wage for girls and women should be \$8 a week, and unregulated conditions of domestic employment render the home, in many cases, a breeding place of commercialized vice, according to the Illinois senate white slave investigation committee's report made public tonight when formally presented to the state senate.

That poverty is the principal cause, direct or indirect, of immorality, is the most strongly emphasized finding of the commission.

Industrial oppression of the helpless is declared by the report to be directly responsible for a large part of existing immorality. Thousands of girls, it says, are driven into prostitution "because of the sheer inability to keep body and soul together on the low wages received by them."

Domestic Employment System Wrong.
The system of domestic employment in America is condemned in positive terms. "Unregulated conditions of domestic employment, uncertain hours, absence of definite social status and lack of creative opportunities render the home, in many cases, a breeding place of immorality," says the commission's report.

Investigations conducted by the committee, the report says, disclosed the fact that more women of the underworld fall into dishonor from domestic employment than from any other work. Of 181 girls sent to the state training school at Geneva, Ill., who had worked for a wage previous to commitment, the committee found that 115, or 63.5 per cent had been engaged in domestic service.

Shuns Housework.
"It is a peculiarly strong complaint to the sending faculty of the female," says the report, "and her intuitive avoidance of sexual danger that the occupation proved by actual statistics to be productive of most prostitution is the occupation she most shuns." In this manner the committee accounts for constant unfilled demand for domestics.

Eight dollars is fixed by the committee as the least amount that will meet the necessary items of a bare living for a girl employed in a large city. The report says wages were found to be discouragingly short of this figure. Attention is called to testimony taken by the committee, "of wages running as low as \$2 a week; of foremen who abuse girls in short dresses, shake them until their arms are blackened, and occasionally hurt boxes at them, and of the manager who found his factory besieged with agents of professional white slavery."

The "Call Girl" System.
A condition which the report declares strikes directly at the home, is found in what is termed the "call girl" system. On this subject the report says in part:

"A detective told of a 'call' list which he had seized in a raid. More than twenty names were on the list; first names only being given, then opposite the telephone numbers. He checked up the names and numbers. Some of the women were 'respectable' married women. Two were young daughters. Others were working girls. The case of a young mother serving as 'call girl' and using the money she made in buying necessities for her baby is merely illustrative of the character of some of the women in this system."

Report Hits High Class Cafes.

High class cafes are hard hit in the report. The conspicuous part played by intoxicants in the undoing of many girls is dismissed as a matter of such general knowledge as to require no elaboration. The report says there can be no disagreement as to the effects on the young woman of the alternate drinking and dancing, as practiced in many fashionable restaurants.

The free and easy manner of introductions adds to the danger. Most of the girls who frequent the popular restaurants given over to dancing are very young.

The commission found that the highest standard of morals exists among the girls in the high schools, colleges and universities of the state.

As a result of its investigation the commission makes numerous recommendations.

The report concludes an investigation that began in August, 1912, and covered extensive inquiries into conditions existing in Chicago, Springfield, Peoria, Alton, East St. Louis and several other Illinois cities.

McCombs Calls Committee.

New York, Jan. 19.—William F. McCombs, chairman of the democratic national committee, announced today that he had called a committee on arrangements for February 8 at the Hotel Jefferson in St. Louis. The committee will formulate plans for the national convention which opens in St. Louis on June 14.

CARRANZA GIVES FULL AUTHORITY TO KILL VILLA

Bandit Chief and Two of His
Officers Are Declared Out-
side Pale of Law and to Be
Executed When Caught.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, Jan. 19.—General Carranza notified the Mexican embassy here today that he had formally proclaimed Francisco Villa, Pablo Lopez and Rafael Castro outlaws because of the massacre of American citizens at Santa Ysabel.

Under the decree any citizen of the republic is authorized to execute the outlaws without formality. It says: "In view of the frequency with which outrageous crimes are being committed by bands of outlaws scattered in various parts of the republic even after the annihilation of the armies of the reactionaries by the constitutional forces, I believe the situation thus created calls for the extreme of energetic measures of suppression in order that such crimes shall be met by severest punishment of those responsible for them."

"In view of the recent attack on a railway train near Santa Ysabel, Chihuahua, by bandits led by Rafael Castro and Pablo Lopez, members of the forces commanded by Francisco Villa, under whose orders they were operating, and in accordance with the precedent established by the constitutional government in similar cases occurring in the past, I have seen fit to issue the following decree."

Formal Decree Issued.
"Article 1. The reactionary leader and ex-general, Francisco Villa, is hereby declared to be outside the pale of the law.

"Article 2. The reactionary leader, ex-general Rafael Castro, and ex-Colonel Pablo Lopez, are hereby declared to be outside the pale of the law.

"Article 3. Any citizen of Mexico is empowered hereby to arrest the leaders, Francisco Villa, Rafael Castro and Pablo Lopez, and to execute them without any formality of the law. But the citizen performing such function shall make a record in writing, describing in detail the occurrence and setting forth the proofs of the identity of the outlaws and the proof of the execution."

Republicans for Intervention.

Republican senators made clear at today's meeting of the foreign relations committee their promise to keep up the fight for action on the situation in Mexico. The democrats equally were as determined that no legislative action should be taken at this stage.

For more than two hours the committee discussed behind closed doors intervention resolutions and proposals to send troops to Mexico to co-operate with General Carranza in maintaining order and running down the murderers of American citizens.

Thus far the majority leaders have succeeded in preventing action on any of the resolutions submitted to the senate in the last week. No vote was taken in the committee today, even the proposal of Senator Gore for creation of a neutral zone in northern Mexico to be policed jointly by American and Mexican troops, and that of Senator Lewis to authorize President Wilson to use the armed forces of the nation in co-operation with Carranza's troops, going over.

Want Aggressive Policy.
Republican senators, however, expect to keep the issue before the senate and eventually may make an effort to get the question of intervention up for a vote.

Senators Lodge and Borah insisted today that it was the duty of the senate to determine upon some aggressive step against outrages against Americans in Mexico, urging that the people of the country demand a more aggressive policy. Tomorrow Senator Sherman, of Illinois, will call up a resolution he introduced today calling on the president as to whether the United States entered into agreement with South and Central American nations not to intervene in Mexico without their consent.

Action was deferred by the foreign relations committee on the nomination of Henry Dyer as ambassador to Mexico because President Wilson's reply to Senator Fall's resolution of inquiry for information about the Carranza government had not been received. The reply will be ready in a few days.

**ENGLAND NEEDS ALL
HER SHIPS JUST NOW**

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
London, Jan. 19 (5:12 p. m.)—"Need for economy of tonnage in every department is imperative, and articles which are not strictly necessary at present may have to be shut out from this country," said Walter Runciman, president of the board of trade, in the house of commons today. He said there was serious shortage in the world's tonnage, as compared with the world's requirements.

Mr. Runciman said the government is now taking steps to co-ordinate more closely the work of producing the tonnage required for military and naval purposes and for transportation of food. He hoped this would release ships for general trade.

Charged With Stealing Brasses.

East Las Vegas, N. M., Jan. 19.—Juan Villagosa and David Villagosa, boys under 20 years, were bound over to the grand jury under \$1,000 bond Wednesday morning after waiving preliminary examination on a charge of stealing brasses from the Santa Fe railway. The boys were arrested by Santa Fe Special Officer F. A. Hill of Raton. The brasses, valued at \$150, were recovered some time ago, but it was not until this week that the alleged thieves were found.

CHAUFFEUR BEGINS DETAILED STORY OF CONSPIRACY

Negro Testifies to Meeting of
Alleged Accomplices With
Mrs. Mohr Before Her Husband's Murder.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Providence, R. I., Jan. 19.—George W. Heals, the negro chauffeur who turned state's evidence against Mrs. Elizabeth F. Mohr and the two negroes on trial for the murder of Dr. C. Franklin Mohr, was called today as the chief witness for the prosecution in the circumstances leading up to the alleged plot to murder Dr. Mohr. He began by testifying regarding the circumstances leading up to the alleged plot to murder Dr. Mohr. The witness had just reached the point in his story where he was to narrate a conversation which he said he and Cecil Victor Brown, one of the negro defendants, had with Mrs. Mohr on the night of Friday, August 27, 1915, the date of the alleged hatching of the plot, when court adjourned.

Chauffeur's Testimony.
The chauffeur testified that Brown and Henry H. Spellman, the other negro defendant, worked for the doctor in the stables and that Brown was discharged August 21, 1915, because he was suspected of communicating with Mrs. Mohr.

"Before Brown was discharged," Heals said, "he told me on August 14, he came from Boston and was on his way to Newport. He said he was going to get even with the doctor. He said he had a vial of poison in his pocket, which Mrs. Mohr had given to him to put a few drops in the doctor's coffee. He told me he was afraid, though, because his wife was a cook in the doctor's house and he was afraid she would get into trouble. He opened his coat and showed me a revolver and said he was going to shoot the doctor. I thought he was joking."

After Brown was discharged he and Heals went to see Mrs. Mohr, the witness said. "Mrs. Mohr told Brown that now would be a good time to get even," Heals continued.

The Murder Conference.
Mrs. Mohr prepared supper for Brown that night, Heals said, and then Brown and Mrs. Mohr went into another room for two or three minutes.

"When we got outside," the witness continued, "Brown showed me a \$20 bill. He told me Mrs. Mohr gave it to him for the motorcycle. He said 'and if you stop the car on the way to Newport some night there'll be a whole lot more money. All you've got to do is to stop the car. You can say it was a case of a hold up.'"

"On Friday night, August 27, 1915, Brown came to my room," Heals said, "and told me to come with him to see Mrs. Mohr."

According to the alleged confessions of Brown and Spellman, the murder was originally planned for August 28, but it did not occur that night because Heals refused to stop the car owing to the fact that Miss Florence Ormsby, the doctor's office girl, and Miss Martha Wilson, his housekeeper, were in the machine. The shooting occurred on the night of August 31.

BRYAN LIKE TO FOLLOW ON WILSON'S TRAIL

Believed When President Starts
on Tour for Preparedness,
Nebraskan Will Make Opposi-
tion Speeches.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, Jan. 19.—Reports are current about the capitol this afternoon that former Secretary of State William J. Bryan may follow after President Wilson on the latter's proposed speaking tour in behalf of national defense and speak in favor of universal peace.

Representative Bailey of Pennsylvania, stated that he had a letter from Mr. Bryan, written at his winter home in Florida, in which the senator is said to be made that Mr. Bryan was "willing to go any place at any time where he can be of service to the cause of peace."

Nothing definite concerning Mr. Bryan's plans was known in Washington tonight, however, although it has been stated authoritatively that he is watching the situation carefully, prepared to take such action in opposition to the president's preparedness policy as he may consider expedient and necessary.

A revised outline of the first trip drafted today call for visits to eight or nine middle western cities. The president probably will start west immediately after his visit to New York, January 27, to deliver addresses before the Railroad Business association and the motion picture board of trade. He probably will remain away from Washington about a week.

Messages inviting Mr. Wilson to different parts of the country, came in large numbers to the White House during the day. Among other cities he was asked to visit are Dallas, Cleveland and St. Louis. He will be unable to accept all the invitations.

HEROES GIVEN FITTING REWARDS BY COMMISSION

Seventeen Acts of Daring and
Courage Recognized at
Meeting Held in Pittsburgh;
Pensions Granted Several.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Pittsburgh, Pa., Jan. 19.—At the twelfth annual meeting of the Carnegie hero fund commission here today seventeen acts of heroism were recognized. In four cases silver medals were awarded. In thirteen cases bronze medals. Nine of the heroes lost their lives, and to the dependents of four of these persons aggregating \$1,829 a year were granted; to the dependents of four of the others who lost their lives sums totaling \$3,900 to be applied, subject to the direction of the commission, in various ways, were granted. In addition to these money grants, in one case the sum of \$2,000 was appropriated for educational purposes, payments to be made as needed and approved, and in six cases awards aggregating \$4,500 were made for other worthy purposes. Payments in these cases will not be made until the beneficiaries' plans for the use of the awards have been approved by the commission.

The four silver medals were awarded as follows:
Harold W. Snow of 7429 Crandon avenue, Chicago, a private secretary, for attempting to save Mollie Meredith, an aged colored woman, from being killed by a train at Jackson, Miss., April 26, 1912. Snow sprang in front of a locomotive to save the woman, but both were struck. She died several months later from her injuries and Snow was so injured that the amputation of his leg was necessary.

F. Lawrence Byrne, deceased, who was an 11-year-old school boy, died attempting to save William S. Ward, a playmate, from drowning in a pond at Philadelphia, May 21, 1915. The medal is to be sent to his father at 1715 South Fifty-sixth street, Philadelphia.

Melvin Hagen, deceased, who was an 18-year-old farm hand, died attempting to save Alma E. Summerfield from being run over by a train at Canby, Ore., January 7, 1914. He attempted to rescue Miss Summerfield from a trestle, but before he could reach her a locomotive struck them both. They were hurled from the trestle and killed. The medal is sent to Hagen's father, Canby, Ore.

William D. Bard, Sr., deceased, a wire chief at Little Rock, Ark., died attempting to save 16-year-old Elsie Busnick from drowning at Benton, Ark., July 11, 1915. The girl became distressed in deep water in the Saline river and although Bard could not swim well he started to her rescue notwithstanding that his 14-year-old son clung to him and begged him not to risk his own life. He persisted in the attempt, however, but when he was within forty feet of the girl he sank and was drowned, as was Miss Busnick also. The medal will be sent to the widow at 1121 Scott street, Little Rock, Ark., together with \$35 a month pension, with \$5 a month additional for each of three children until they reach the age of 16.

Bronze Medals.

J. Lamar McCann, Tuscaloosa, Ala., a student, for saving Mary T. Hunter, an attempt to save Itoe E. Partin, a merchant, from drowning at Tuscaloosa, January 3, 1915, in a canoeing accident on Warrior river.

Fred G. Buskirk, Friend, Ore., a farmer, for attempting to save Joseph Ide Parke from suffocation in a well at Friend, August 3, 1912.

Austin Hall, Iva, S. C., a farmer, for saving Edward Harris from suffocation in a well at Iva, August 9, 1910.

John P. Bum, 123 Cooper street, Atlanta, Ga., an engraver, for attempting to save Isaac Kanter, aged 3, from drowning in a sewer at Atlanta, May 19, 1913.

William S. Turner, Seaside Park, N. J., a salesman, for saving George S. Lewis from drowning at Avalon, N. J., August 15, 1914.

Arthur H. Pingree, deceased, a clergyman, who died attempting to save two girls from drowning at Anisquam, Mass., July 19, 1915. The medal to the widow, 49 Walpole street, Norwood, Mass.

Thomas McCrady, deceased, a laborer, died assisting in an attempt to save Robert M. Oliver, a mill superintendent, and Edward J. Hottel, a clerk, from drowning in the Monongahela river at Pittsburgh, January 13, 1915. Medal to mother, Fredonia, Kansas.

William F. Niehaus, Jr., deceased, a laborer, died assisting in an attempt to save Oliver and Hottel in the accident described in the foregoing paragraph. Medal to father, Evansville, Ind.

Honore M. Parham, deceased, a farmer, died attempting to save Thomas Johnson, a farm hand, from suffocation in a well at Mableton, Ga., August 10, 1914. Medal and \$40 a month pension for widow, Austell, Ga.

Henry H. Rogers, Austell, Ga., a farmer, for saving Johnson in the accident above described.

William Pratt, Austell, Ga., for attempting to save Parham in the foregoing case.

Andrew J. Atkinson, deceased, a farmer, died attempting to save William S. Johnson, a school boy, from drowning at Gilmerston, Va., August 4, 1915. Medal and \$25 a month pension for widow, with \$5 additional for her daughter, Votnay, Va.

Clifford Danner, deceased, an accountant, died attempting to save Peter T. Skidmore from electric shock at Fort Worth, Tex., June 6, 1915. Skidmore, in attempting to screw an electric bulb into a socket received a shock and he fell unconscious, entangled in a wire that carried a current of 2,300 volts. Danner was killed in trying to extricate him; although

Why "Anuric" is an INSURANCE Against Sudden Death.

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send him 10 cents for sample package of his new discovery, "Anuric." Write him your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "Anuric" is the most powerful agent in dissolving uric acid, as hot water melts sugar; besides being absolutely harmless it is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being 80 many times more active than lithia, it clears the heart valves of any sandy substances which may clog them and checks the degeneration of the blood-vessels, as well as regulating blood pressure. "Anuric" is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints. Ask the druggist for "Anuric" put up by Dr. Pierce, in 60-cent packages.

STRENGTH AND BEAUTY
Come with Dr. Pierce's Golden Medical Discovery. This is a blood cleanser and alternative that starts the liver and stomach into vigorous action. It dissolves the body to manufacture rich red blood which feeds the heart, veins, brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and vigorous instead of tired, weak and faint.

Skidmore was badly burned he recovered. A medal and \$30 a month pension is awarded to the widow, 2215 Azle road, Fort Worth, Tex.

TYPHUS SCOURGE IN MEXICO IS STILL RAGING

Carranza Is Said to Have De-
clined Assistance From U.
S. on Ground That He
Could Handle Situation.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
El Paso, Tex., Jan. 19.—Dr. Herbert Rodge, a physician for an American company operating in the vicinity of Mexico City, arrived here today and reported to a representative of the United States public health service that typhus in Mexico showed no sign of abatement. Dr. Rodge himself was stricken with the disease while treating patients committed to his care, and left tonight for his home in Chicago to recuperate.

In Mexico City, he said, public addresses were being made urging the necessity of cleanliness, both of person and surroundings, but he added that an offer of help from an American institution, said to be the Rockefeller Foundation, was declined by Carranza before the first chief of the Mexican government left for his present headquarters at Queretaro.

A representative of this organization is said to have offered to clear the Mexican capital of typhus in 90 days without cost to Mexico, save for labor involved, but the head of the government declared the unaided efforts of Mexico would bring the desired results.

Mystery of Child Unsolved.

East Las Vegas, N. M., Jan. 19.—An inquest held Tuesday night failed to disclose the identity of the parents of the dead infant found in the north end of the city. The child, a girl, was unclothed, and it could not be determined if it were born in the vacant lot where it was found or had been brought there shortly after its birth. The coroner's jury decided the child died from "causes unknown."

**HAVE ROSY CHEEKS
AND FEEL FRESH AS
A DAISY—TRY THIS!**

Says glass of hot water with
phosphate before breakfast
washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.
